EXHIBITION  
*by Diane & Théodore*

## WHO WE ARE

---

Diane is a Parisian graphic designer and art director. After studying modern literature, she studied graphic design and art history at l'École Nationale Supérieure des Arts Décoratifs in Paris. She then graduated with a Master's Degree at Sciences Po, Paris.

Over the past ten years, she has worked for prestigious design and advertising agencies. She has specialized in the identity of luxury brands, among her clients are Hermès, Ruinart, Azzedine Alaïa, Dior, L'Oréal, and others. Diane has worked in various creative fields, from print and web design, to scenography and illustration, as well as photography and writing.

Theodore was born in Boston, he moved to Paris at an early age and grew-up between France, Greece and England. He studied piano before attaining a law degree at the Sorbonne University while concurrently studying sculpture at the School of Fine Arts in Paris.

Despite virtuosity and critical acclaim in large ink drawings and wooden figures, Theodore continuously renews his work, evidencing the plurality of the Artist and the multifaceted layers and depth of his artistic expression manifesting through video art, installations, objects, street art, political and poetic posters.

## OUR SUBJECT

---

We explore the relationship and non-relationship between two individuals. Our “attachment/belonging” to one another and our “attachment/belonging” to a historical and social context.

Free and trapped, hunting and hunted, important and obsolete, we explore the superficiality of sexual representation and the depth of myths, a figuration of our own private or universal mythology.

## OUR ARTWORK

---

In this show, we are presenting preparatory sketches, medium and large original ink drawings as well as large scale monoprints which form an monumental fresco inspired by ancient Greek mythology.
